

Institute, location

Flux is a modern style beamer presentation. It is provided as a work in progress version and may suffer from inconsistencies. Sources and complementary information are available at

[github.com/pvanberg/flux-beamer](https://github.com/pvanberg/flux-beamer)

Flux provides five different color palettes.

```
\usetheme[style=asphalt]{flux}
```

Asphalt

Blue

Green

Red

Gray

Flux recommends the use of Roboto or Overpass font and a font size of 9pt.

```
\documentclass[9pt]{beamer}  
\usepackage[sfdefault]{roboto}
```

Flux also implements default typographies.

- Regular
- **Alert**
- *Example*
- Italic
- Bold

Flux also includes custom footnote integration. For instance, this element<sup>1</sup> and this element<sup>2</sup> provide a footnote.

---

<sup>1</sup>Footnotes are notes placed at the bottom of a page. They cite references or comment on a designated part of the text above it. For example, say you want to add an interesting comment to a sentence you have written, but the comment is not directly related to the argument of your paragraph.

<sup>2</sup>Footnotes are not just for interesting comments, however. Sometimes they simply refer to relevant sources – they let your reader know where certain material came from, or where they can look for other sources on the subject.

## Items

- Cats
- Dogs
- Birds

## Enumerations

1. First
2. Second
3. Last

## Descriptions

Apples Yes  
Oranges No  
Grappes No

---

Bloc diagram example from texample.net

Binary Softmax classifier

$$\sigma(\sum_i w_i x_i + b)$$

Loss function

$$L_i = -\log\left(\frac{e^{f_{y_i}}}{\sum_j e^{f_j}}\right)$$

cross entropy

This is a plain frame.  
Use it to display full page images.
